Dear Mr. Couchot:

The Minerals Management Service approves Anaconda Mineral's request to drill two additional holes on Federal leases U-020668 and U-38727 as per your August 27, 1982, submission. This additional activity on Wild Horse Ridge is subject to all the regulations and stipulations that were made part of the August 16 partial approval that you received from this office.

Enclosed is an approved copy of the plan. If you have any questions, please contact Tim Abing at 524-4585.

Sincerely yours,

Jackson W. Moffitt
District Mining Supervisor
